

Les signes bio

OK - Tout va bien

Moi

Toi

Nous tous

OK (En surface)

On remonte

On descend

Fin de l'exercice

Regarde-moi

Stabilise toi

Bars ?

Equilibre ton

Sur réserve

Restez groupé

Ca ne va pas

Je suis essouffé

Je suis narcosé

J'ai plus d'air

J'ai froid

Signal de detresse
(En surface)

Des signes en technique ...

Des signes pour l'apéro ...

deux doigts de whisky

on est 5 à l'apéro

tu me passes les olives

un peu plus de rhum ?

rajoute du citron

le verre est vide !

une épouge, j'ai renversé mon verre sur la table

deux verres de plus

il commence à être bourré

verre à plat

il est complètement bourré

Attention : interdit au mois de 18 ans

on remet ça demain ?

LC

A vibrant underwater scene featuring a scuba diver surrounded by a large school of orange fish near a coral reef. The diver is positioned in the center-right, with bubbles rising from their tank. The coral reef on the left is covered in yellow and orange corals. The water is clear blue, and the overall scene is lively and colorful.
